

How can you be the benchmark?

ENHANCE YOUR TRAINING AND DEVELOPMENT
WITH SGS **ACADEMY**

eLearning & Public Class Schedule July-December 2024

Centers of Excellence

The greatest asset an organization has is its workforce. Unlocking the full potential of your employees is the key to creating a successful and dynamic business.

To achieve this, employees must be provided with training that promotes continuous personal and professional development.

Be the benchmark with training programs from SGS Academy

Whatever the industry, wherever your business operates, SGS Academy has a training solution to help unleash the full potential of your workforce.

Industry Specific

Covering all major industrial sectors, our industry-based training will help your workforce improve existing skills and acquire new ones. Administered by industry experts, our courses will direct participants along a career path that creates long-term stability and better efficiency, as well as managing risk and delivering a competitive advantage to your company.

We offer courses relating to:

Food

Manufacturing

Automotive

Oil and Gas

Mineral

Plantation

Forestry

Education

Construction

Logistic &
Transport

Government &
Institution
Services

Financial
Service

IT Industry

Subjects and Methodologies

SGS Academy training solutions can incorporate several different methodologies. By offering this diversity, we can optimize the training outcomes for your business and employees.

A group of business professionals in a meeting, smiling and clapping. The image is a soft-focus photograph of three people in the foreground, with a man on the right and two women behind him, all smiling and clapping their hands. They are wearing business attire. The background is blurred, suggesting a professional setting.

Why SGS?

We are SGS – the world's leading testing, inspection and certification company. We are recognized as the global benchmark for sustainability, quality and integrity. Our 98,000 employees operate a network of 2,650 offices and laboratories, working together to enable a better, safer and more interconnected world.

We provide competitive advantage, drive sustainability and deliver trust. At SGS, we are continually pushing ourselves to deliver innovative services and solutions that help our customers move their businesses forward.

Efficiency and cost-optimization are no longer the sole drivers in business development strategies. Successful businesses recognize the importance of offering their workforce continuous development and training. Motivated and effective teams create industry leaders.
